Hospital Wide	Laptops for Clinical Charting (50 needed @ \$1,500)	\$75,000
Hospital Wide	Transport Wheelchair (4 needed @ \$600)	\$2,400
Laboratory	Chemistry Analyzer	\$150,000
Obstetrics	Birthing Bed	\$17,500
Operating Room	Colonoscope	\$36,000
Paediatrics	Paediatric Crib	\$9,600
Sterilization & Processing	Sterilizer	\$86,000
Urology	HD Video Tower & 5mm 0 degree laser set	\$51,450
Hospital Wide	Contingency for Urgent Purchases	\$75,000

Total to be raised from our community

\$1,478,250

In addition to the hospital's annual equipment needs of almost \$1.5 million, there is a 3 year plan to upgrade the current Digital Radiography Equipment (x-ray) and the Radiography/Fluoroscopy Room (used for urology, vascular and gastro-intestinal procedures). The total cost of this upgrade, which will produce enhanced high-quality pictures using lower doses of radiation, increase capacity, reduce wait times and expand the type of procedures able to be performed at Headwaters, is \$1.3 million.
