RBC Announces Winners of Nursing Excellence Award

Orangeville, June 1, 2010 – RBC Royal Bank today announced the eight winners of the RBC Nursing Excellence Award, where the community voted for their favourite nurse to win a \$500 bursary from RBC.

“Nurses are the heart of our healthcare system and take care of our friends and families in their greatest time of need,” said Bruce Gehlen, RBC’s Regional Vice President for Central Ontario. “The community’s overwhelming participation in the Nursing Excellence Award clearly shows their appreciation for everything our local nurses do to keep us healthy.”

The RBC Nursing Excellence Award is part of a larger \$60,000 commitment to the professional development of nurses in Grey, Bruce, Wellington and Dufferin counties. Hospital representatives nominated nurses based on their commitment to continuing education, compassion towards others and willingness to go beyond the call of duty.

Headwaters Health Care Centre nurse, Karen Craig, has been highlighted by the community as the most deserving nurse for the bursary. RBC will be recognizing Karen’s win with a community celebration.
