

We're looking for volunteers to join our Board of Directors

Make a Meaningful Impact in Your Community

HHCC is seeking engaged, community-minded volunteers to join our Board of Directors. Our Board provides strategic oversight to ensure we deliver on our Vision – *One Community, Caring Together* – and our Purpose – *Provide Excellent Care, Close to Home*. As a Director, you will help guide a hospital committed to excellence, growth and innovation.

Time commitment

- Board Meetings: 3 hours monthly in person (no meetings in summer)
- Committee Participation: At least one committee; meetings 2 hours monthly or bi-monthly (virtual)
- Annual Governance Learning: 10 - 15 hours; training and development opportunities are available through the Ontario Hospital Association and other partners.

Do you have the following?

- Ability to commit your time and support
- Ability to listen, collaborate and contribute to thoughtful governance
- Humility and the ability to effectively contribute when dealing with diverse perspectives and ideas

Why serve on the HHCC Board?

Board Directors play a vital role in:

- Setting strategic direction aligned with our 2024-2029 Strategic Plan
- Ensuring quality, safety and equitable access to care
- Overseeing financial health and organizational performance
- Supporting a culture grounded in our core values

What We're Looking For

We welcome applicants with the ability to listen, collaborate, and contribute to thoughtful governance. Experience in any of the following areas is an asset:

- Information Technology & AI Governance
- Financial Expertise (CPA/CMA preferred for Finance and Audit Committee)
- Health System Planning & Integration
- Legal Expertise
- Governance and Board Performance
- Human Resources and EDI Governance

What You'll Gain

- An opportunity to directly influence the future of health care in Dufferin-Caledon.
- A meaningful volunteer role supported by a strong board culture, administrative team and community partnerships.
- Engagement with our strategic priorities and building a safe, inclusive environment for our people and patients.
